

There are many different programs offered to help raise money for Saint Joseph School, this in turns helps us keep tuition costs/increases to a minimum. The items listed below are thing you can do to help raise funds with little to no additional effort.

Box Tops Install the Box Tops app and then scan your grocery store receipts.

Cartridges Bring in your empty ink-jet printer cartridges and SJS will send them in for cash back to the school.

Cell Phones Bring in old cell phones your family no longer uses. SJS can turn them in for cash back.

Additionally, you can benefit SJS with the online shopping you do every day.

Amazon When you shop online with Amazon.com, first go to smile.amazon.com. You can browse Amazon as normal with .5% of your purchase going to SJS. Go to the "Pick your own Charitable Organization" box and search "Saint Joseph School Inc". Also note that SJS sells scrip for Amazon. Scrip gives back 2.5%, so using both at the same time can maximize your contribution!

Shopping Go to goodshop.com prior to going to your online retailer. Goodshop offers coupons and special deals with a variety of retailers. Register with the site and choose "St Joseph School-Green Bay" as your cause. Depending on the retailer, SJS will get a percentage of your purchase.

As always, additional ways you can impact your own tuition include participating in our Scrip program and volunteering at Packer games.
